

Week 12 – Results from a Sunny Weekend Out West

GoTT,

First before starting the write up for a well played, if not well attended weekend at the home course, I'd like to extend my congratulations to Mr. Scott L, who as of this week is officially a full member of the Yuengling Golf Society having met his round requirements and securing unanimous vote from the EC. Welcome aboard Scott, you are a fine addition to the tour. Scott joins the OOM party with 8 points accumulated so far putting him 18th on the big board during his debut week there...

Now onto our show where once again it took a number well below par to reach the podium on the old course. Our winner this week was the first man on the course. Congrats to tour rookie Time-way on his first ever YGS event victory, and thank god as I'm tired of writing about the guy he beat this week. Tim shot an astonishingly low 2 over par 74 gross which translated into a net 65. Way to go low. Also going low last week was, yes again, Trooper D. Troop shot a 93 net 67 to take 3 points and actually widen his ridiculous lead on the field in the OOM. D is making the competition look like the cast of F-Troop this season. In 10 starts he has podium-ed an insane 7 times. Winning and finishing second 3 times each. Something's gotta give you say, well his handicap index is down another 1.5 strokes and is now 3.7 strokes lower than at the start of the season. What a run indeed.

Third place went to Pee-tah who played in the last game of the week. Now while XLPres and Paul M were battling their games and each other in a high scoring thriller of a match, Pee-tah was quietly making his way around the course in a smoldering 98 net 68. It was his 3rd podium of the season. Perhaps the boys from England having finally advanced in the World Cup will inspire a big mid season run from one of our favorite lads. Or... all hope for Pete (and the Commissioner) could be dashed by the krauts... One thing is for sure I'll be watching the minute I roll off 18 on Sunday...

Hard luck 4th this week went to Eddie who recovered nicely from the foul stench of his masters performance (and of the golf shirt he wore) to shoot a tidy 87 net 69... just not enough these days. Other honorable mention should also be made for 2 guys who played 9 great holes (unfortunately we play 18 boys). This report turned in from eyewitness Lance "The Sheriff shot a 48 on the back nine which was a 10 stroke improvement over his front nine score. The icing on his cake was a classic birdie on Number 17.....drive, iron to within 15 feet and made the downhill putt. Ed L made an even greater comeback with an improvement of 14 strokes on the back nine. His back nine total of 46 was his best nine hole score to date. Congrats boys. Can't wait to see what the next 18 holds for you both.

Ok boys, all the particulars are below. Keep those reports from the field coming. Please continue to get those matches in as the places and seedings in the knockout will unfold right before our eyes, and good luck in a critical Classic event at the Make this week. Time to make up some ground on our leader...
